## Foster Care Youth

Franklin County Children Services recorded 4,673 youth served through out-of-home placement services in 2006. 121 youth legally became adults and “aged out” of these services in 2006, an average of one every other day. On January 31, 2007, there were 2,442 youth engaged in services.

2006:	4,673 Youth Served 121 Aged Out
Jan 31, 2007: Daily (2006):	2,442 Youth Served 1 Aged Out Every Other Day

## Twin Valley Behavioral Health

According to the ADAMH Board, in 2006 Twin Valley recorded 876 admissions and 883 discharges. In March 2007, there were about 2.5 admissions and 2.3 discharges per day.

2006:	876 Admissions 883 Discharges
Daily: (Mar 2007)	2.5 Admissions 2.3 Discharges

## Other

The Ohio Health Care Association estimates 5,420 of Franklin County’s nursing home beds were full in 2006. 6,017 clients received residential treatment in 2006 according to ODMH data. Of these, 2,784 were served in Netcare crisis beds.

2006 Nursing Homes:	5,420 Beds Full
2006 Residential Treatment: 2006 Netcare Crisis:	6,017 Clients 2,784 Clients

36,000 (2) Person Households  
6,500 (3-8) Person Households

## Doubled Up By Choice

As listed in the *American Housing Survey for the Columbus, OH Metropolitan Area: 2002*, Columbus had 36,000 two-person households and 6,500 three to eight-person households who are not related to each other during the sample period.

## Housing Cost Burden

Households earning less than 30% of the Area Median Income are considered extremely low income (ELI). A household that spends more than 30% of its monthly income on housing is said to be cost burdened. A household that spends more than 50% of its monthly income on housing is said to be severely cost burdened. According to the *American Housing Survey for the Columbus, OH Metropolitan Area: 2002* there were 5,900 ELI owner households and 11,800 ELI renter households that were burdened by housing cost. There were 10,900 ELI owner households and 30,400 ELI renter households that were severely burdened by housing cost.

Households Earning <30% AMI Paying 30% - 50% Income:	5,900 Owner 11,800 Renter
Households Earning <30% AMI Paying >50% Income:	10,900 Owner 30,400 Renter

## Unemployment

Franklin County’s unemployment rate in 2006 was 4.7%. There were 28,400 members of Franklin County’s workforce out of work in January, 2007 when the unemployment rate was also 4.7%.

2006 Unemployment Rate:	4.7%
January 2007 Unemployment Rate:	4.7%
	28,400 People
