

Monthly Report on Program Occupancy Rates for Supportive Housing Programs

Definition of program occupancy rate: A percentage that reflects the average number of tenants residing in a program per night relative to the program capacity.

Purpose of Report: To monitor occupancy rates on an ongoing basis.

Date of Data Pull: 3/10/2010

Date of report issuance: 3/15/2010

Report prepared by: Catherine Kendall, Database Administrator

Methodology: CSP data will be pulled for each report period, which in this instance consists of a single calendar month. The occupancy number is calculated by summing the length of stay within the report period for all tenants in a program and then dividing that sum by the number of days in the report period.

Occupancy number: $\sum((\text{report end date (or exit date in the event the tenant exits the program)} - \text{report start date (or entry date in the event of a new tenant)}) + 1) \div \text{number of days in report period}$

Occupancy rates will be calculated by first rounding the program occupancy number to the nearest whole number. Next the rounded program occupancy number will be divided by the program capacity, which is defined in the current fiscal year Program Outcome Plan.

Limitations of analysis: CSP data will not have been subjected to quality assurance prior to data extraction.

¹ Per current fiscal year POP

² The following programs house clients that are receiving CHN Shelter Plus Care subsidies: CHN-Family Homes (SRA / 8 households); CHN-Cassady (SRA / 1 household); CHN-Parsons (SRA / 13 households); RLPTI (TRA / 20 households); Southeast Scattered Sites (TRA / 2 households).

³ Three of the 13 units can house up to two individuals and these units are frequently but not always assigned to couples in which both partners are Rebuilding Lives eligible.

⁴ Due to additional HOME funds, Southeast is able to expand capacity and serve more households (mostly CAH related), including more RL eligible couples.

⁵ CHN's commitment for N. High Apartments is 33 units; there are currently 34 Rebuilding Lives eligible tenants residing in this program.

Grey shading denotes a percentage under 95% occupancy rate; goal is for a 95% occupancy rate.

¹ Programs are non-CSB funded.

² Per current fiscal year POP

³ Program occupancy rate goal set at 85%.

⁴ VOAGO - Veterans and Pater Noster House are not HUD CoC funded programs but participate in CSP on a voluntary basis.

⁵ The program is able to exceed capacity at times because it has three overflow units.

⁶ CMHA allowed over-leasing for this program.

⁷ The following programs house clients that are receiving CHN Shelter Plus Care subsidies: CHN-Family Homes (SRA /8 households); CHN-Cassady (SRA / 1 household); CHN-Parsons (SRA / 13 households); RLPTI (TRA /20 households); Southeast Scattered Sites (TRA / 2 households).

⁸ Due to CMHA's mass unit transfer from TRA to Section 8, CHN TRA is experiencing a lower occupancy rate.

⁹ CMHA converted the SRA units to TRA units. The SRA program was phased out through June 2009.

¹⁰ Effective 11/10/09, the program capacity is reduced to 24 units. Program will be scaling down to the new capacity. May, June, July and August capacity were expanded slightly to accommodate longer wait for graduation to permanent housing.

Grey shading denotes a percentage under 95% occupancy rate; goal is for a 95% occupancy rate.
